Veri. — Privacy Policy

Last Updated: 19 June 2026

1. Information We Collect

Veri. only collects the minimum data required to provide security and verification features.

2. How We Use This Data

Veri. uses collected data only for:

- Verifying users
- Detecting suspicious or automated accounts
- Preventing raids and spam
- Enforcing server security settings
- Maintaining the global blacklist
- Providing server logs to administrators
- Restoring server configuration after restarts

We do not use data for advertising, profiling, or selling to third parties.

3. Data Storage & Security

All data is stored locally in Veri.'s database (MongoDB).

Data is encrypted at rest and in transit.

4. Data Retention

Data is kept only as long as necessary for security purposes.

- Verification records remain until manually deleted or reset.
- Blacklist entries remain until manually removed.
- Server configuration remains until the server removes the bot.
- If a server removes Veri., all server-specific data is automatically orphaned and can be deleted by the owner.

5. User Rights

Users may request:

- Removal from the global blacklist
- Removal of their verification data
- Information about what data Veri. stores about them

Requests must be made by messaging the bot owner directly.

6. Children's Privacy

Veri. does not knowingly collect data from users under 13.

If such data is discovered, it will be deleted upon request.

- Advertisers
- Data brokers
- Analytics companies
- Third-party APIs

The only exception is when required by Discord's Terms of Service or legal obligations.

8. Changes to This Policy

The owner may update this policy at any time.

Continued use of Veri. means you accept the updated policy.

Veri. — Terms of Service

Last Updated: 19 June 2026

1. Acceptance of Terms

By using Veri., you agree to these Terms of Service and Discord's Terms of Service.

If you do not agree, do not use the bot.

2. Allowed Use

You may use Veri. for:

- User verification
- Server security
- Anti-raid protection
- Moderation assistance

You may not use Veri. for:

- Harassment
- Doxxing

- Illegal activity
- Automating harmful actions

3. Global Blacklist

Users may be added to the global blacklist for:

- Triggering honeypot channels
- Attempting to bypass verification
- Malicious activity
- Botting or raiding

Blacklist decisions are final unless appealed to the owner.

4. Server Owner Responsibilities

Server owners must:

- Not modify Veri.'s code to bypass restrictions.
- Follow Discord's Developer Terms.

5. Bot Availability

Veri. is provided as-is, with no guarantee of:

- Uptime
- Accuracy
- Error-free operation

The owner may modify, disable, or shut down the bot at any time.

6. Liability

The owner is not responsible for:

- Damages caused by misuse of the bot
- Actions taken by server administrators
- Incorrect bans caused by server misconfiguration
- Data loss due to server removal or corruption

7. Termination

The owner may:

- Remove Veri. from any server
- Blacklist users
- Disable features
- Suspend the bot

at any time, for any reason.
